	From 25 to 30 trucks were parked in front of the section. Nine plateons, each of 30 to 3h soldie black epaulets, including some with artillery in with small arms, but without machine guns, march toward Uenglingen at about 11:30 a.m. The rear up by 16 officers, including 1 lieutenant colone signia. From 500 to 600 troops received field t plateon level on the training grounds west of the At the southern perimeter of the training field, of 1 officer and 8 men wearing red-bordered blacengaged in aiming and loading practice with four using practice shells.	rs wearing red-bordered signia, were equipped ed from the installation of the unit was brought I who wore artillery incraining at group and e barracks installation.  There were four crews the many 50X1-HUM is smallers who many 50X1-HUM			
3.	On 26 February, source learned from a resident near the Albrecht-der-Baer Kaserne on Friedrich-Ebert-Strasse that no tanks had been seen leaving the installation during the last two weeks.  700 to 800 troops were quartered in the installation and that components of the unit were stationed south of Stasts. At about				
-	9 a.m., six plateons, of 28 to 30 soldiers each, the installation toward the training field west of the troops were red-bordered black epaulets, inclinaignia, and were equipped with small arms. The eight officers who were tank insignia.	were seen marching from Exindenburg Kaserne, Inding some with artiller			
14.1	On 23 February, four caterpillar tractors, each carrying 10 soldiers with red-bordered black epaulets and towing a 100-mm AT run were seen on route to Borstel airfield.  A crew of 1 officer and 8 men practiced.				
	the amounition dump. The target was placed a dist gun and, according to the report, subcaliber tube tractor was parked nearby. Trucks loaded with amounition, drove to t	e target rante north of OX1-HUM ance of 50 maters from a swere used. Saterpills
